<sup>2</sup>Surcharge does not apply to WA.

 For a complete listing of eligibility requirements, refer to the  
 AMGC Underwriting Manual at: [archmi.com/AMGC](http://archmi.com/AMGC).

 Please contact Arch MI for coverages and rates not shown here.  
 See the reverse side for a more complete description of premium plans.

# Split Premium Notes

## Premium Plan

### Split Premium

Combines a one-time upfront premium with a Monthly renewal premium that is due the month of the first mortgage payment and continues until the termination of the insured loan.

- **Upfront Portion** – multiply the appropriate Split Premium Upfront portion rate by the insured loan balance, and round to the nearest cent.
- **Monthly Portion** – divide the Split Premium Monthly portion rate (including the addition or subtraction of any applicable rate adjustments) by 12, then multiply the result by the insured loan balance and round to the nearest cent.

### BPMI (Borrower-Paid Mortgage Insurance)

Borrower-paid mortgage insurance premiums are collected by the servicer from the borrowers. Rates are selected based on property location.

### LPMI (Lender-Paid Mortgage Insurance)

Lender-paid mortgage insurance premiums are paid by the lender without directly collecting a premium from the borrower. All premiums must qualify as “lender-paid” in accordance with the Federal Homeowners Protection Act of 1998. Rates are selected based on the lender’s state of domicile.

## Loan Program Pricing Categories

### Fixed-Rate Mortgages

Feature level interest rates for at least the first 5 years.

### Non-Fixed Rate or Adjustable-Rate Mortgages (ARMs)

Feature interest rates that have the potential to change within a period less than 5 years. Negative amortization mortgages, including option payment mortgages, are ineligible for coverage.

## Loan Term Pricing Categories

No premium adjustment based on amortization term.

## Renewals

### Amortized Renewal

Annual or monthly rate is applied to the outstanding loan balance from the coverage inception date through term.

### Constant Renewal

Annual or monthly rate is applied to the ORIGINAL loan balance from policy inception date through year 10. The constant renewal rate for years 11 through term is the lower of the original premium rate or 20 basis points (0.20%).

## Refunds

For BPMI, if coverage is canceled or terminated under the Federal Homeowners Protection Act of 1998 (HPA), refunds will be processed in accordance with the Act. For all non-HPA cancellations or terminations, no refund applies to either the Monthly or Upfront Portion of the premium.

## Other Considerations

Rates are subject to approval by the applicable state department of insurance.

### Minimum Rate

The minimum premium rate for the monthly portion of the plan, after applying all premium adjustments, is 10 basis points (0.10%) or the annualized monthly rate prior to any premium adjustments, whichever is lower.

**Note:** Rates apply to loans insured under the Arch Mortgage Guaranty Company Master Policy.

**If you have questions about the programs presented here, contact your Arch MI Account Manager or call 800-895-4264.**
