Arch | MI

Leverage Our Portfolio Solutions
for Added Flexibility

Arch MI's Portfolio Solutions team provides mortgage insurance coverage for loans held in portfolio: jumbos, non-qualified mortgage, affordable housing and more.

The Portfolio Solutions team supports eligible customers participating in mortgage credit risk transactions:

- Portfolio lenders — large banks, mortgage banks, community banks, credit unions.
- Government agencies.
- Institutional investors.

Whether you need to meet internal risk management goals, are seeking regulatory and/or capital relief or to facilitate a sale, Arch MI can limit your exposure while giving you the flexibility to explore opportunities:

- Standard and charter-level coverage on high-LTV affordable housing, high-balance or professional loans originated with no loan-level MI. This could be in connection with a seasoned portfolio sale to a GSE.

- Thin-level coverage on specific loan programs or entire portfolios.
- Supplemental coverage or customized structures to meet your specific needs.

Why Insure with Arch MI?

- Top-rated in the MI industry (A by Standard & Poor's; A2 by Moody's).*
- Unique Arch Mortgage Guaranty Company® (AMGC) Master Policy offers true "Day One" rescission relief.
- Arch MI's parent, Arch Capital Group Ltd., is a diversified insurer with high ratings and a strong market capitalization.
