► Expansion of the AMGC EqualAccess Homeownership Program

The **AMGC EqualAccess Homeownership Program** is now available to all our AMGC Master Policy holders. This affordable housing program is designed to assist low-income members to attain homeownership. The member(s) may not earn more than 100% of the area median income (AMI) for the property location, which is an expansion from the prior 80% requirement.

- The AMGC EqualAccess Homeownership Program offers a 99% LTV category with requirements similar to Fannie Mae's HomeReady® and Freddie Mac's Home Possible® 97% LTV requirements.
- The program also offers a 97% LTV category with expanded requirements for certain areas (non-traditional credit, non-occupant members, manufactured homes and boarder income).
- The use of RateStarSM pricing is required and all rate plans are available, including lender-paid, borrower-paid, monthlies and singles.
- The program also offers a 12% reduced coverage option where the coverage is terminated upon the earlier of the scheduled or actual amortization of the loan amount down to an LTV less than 90% of the original value. To participate in the reduced coverage option, credit unions must execute an acknowledgment form directing AMGC to cancel coverage at the designated level.
- The AMGC EqualAccess Homeownership Program is not available to credit unions with home offices located in Alaska, Hawaii, New York and Washington.
- All MI applications must be submitted non-delegated.
